

## **OTHER INFORMATION**

### **FUNDRAISERS**

We have many fundraisers throughout the year, but our largest are the annual auction and the annual rodeo. These two fundraisers combined generate around \$90,000 for the school. This is what enables us to continue to have the lowest private school tuition in our area. In order for these fundraisers to be successful, we need the help of you as parents. The only thing we ask is that you be available to work in the concession stand at each of these events. The shifts are usually no more than two hours.

The auction is at the end of March, and the rodeo is the last weekend in July. Please put these dates on your calendar and be prepared to work a shift at each event.

### **INSURANCE**

The school does have an insurance policy in place for certain accidents that may happen on school grounds. However, it only covers specific things and depending on the circumstances, may not cover an injury to a student. Your child will need to have some form of health insurance.

---

### **ELECTRONICS POLICY**

ELECTRONIC TELECOMMUNICATION DEVICES, RADIOS, CELL PHONES, C.D. PLAYERS, HEADPHONES, GAMING DEVICES, IPODS, MP3 PLAYERS, ETC.....

No electronic devices, including, but not limited to, the items listed above will be allowed on campus. Any of these items, which are out in plain sight at any point during the day, will be subject to immediate seizure. If the student readily complies with the request to surrender the item, it will be returned to them at the end of the school day with no penalty. If the student resists in any way, the item will only be returned to a parent or guardian. Refusal to surrender an item will result in suspension for willful disobedience. All unclaimed items will be disposed of after the last day of school.

*Watches that have texting or calling capabilities will be allowed as long as they are not being used to text or make calls. If we determine this is happening, they will be taken from the student and held like any other electronic device.*

We understand that there are many athletic events that happen both on and off school campus. We certainly want our students to be able to have their electronic devices as they travel to and from games and as they “hang out” at the school before home games. If any student wants to bring a cell phone etc. for such events, they are welcome to turn them in to either Mr. Jump or Mrs. Gantt in the morning before school starts. They will be kept safe until the end of the day when your student picks them up.
